Dear sir /madam

I'm contacting you with my concerns for the steps/cardowan boundary review. Im expressing my concerns for staying in the Glasgow city council boundary. Mostly for the proposed road direct to the fort from my development I'm against this with all the through traffic that this will bring through my housing estate where children should be outside playing not worried with all the traffic there will be if the road goes ahead. I'm strongly for changing to north Lanarkshire council the difference between the two councils on council tax is significantly different where I pay more per year being with Glasgow. I feel that my child should not have to travel 5 miles to the local glaadgoe school when we have a school 1 mile from my home. How do the kids get to the Glasgow schools ? Will there be a bus service? Why should my child be treated different from the children across the road who come under nl council? There is several waste collections when there could be 1 collection not 1 for nl council and I one for Glasgow it's crazy and wasting tax payers money. I bought my house being told by the house builders my local school my child could attend was st Joseph's

I appreciate you taking time to read over this thanks  
David Macdonald
