Commission publishes report on recommended boundary changes between Fife council area and Perth & Kinross council area at Keltybridge and Westfield

The Local Government Boundary Commission for Scotland has submitted its report to Scottish Ministers, making recommendations for the realignment of the administrative area boundary between Fife council area and Perth & Kinross council area at Keltybridge and at Fife Environmental Energy Park, Westfield.

The existing boundary follows the old watercourse of the Kelty Burn by Keltybridge in addition to crossing through a domestic property in Keltybridge and the site of the Environmental Energy Park at Westfield. The Commission has recommended that the boundary at Keltybridge is realigned with the existing watercourse of the Kelty Burn and that the misalignment at Westfield is corrected to follow the current boundary fencing.

The review was initiated in December 2013 following a request by Fife Council, and the Commission has consulted with the two councils affected, and with the public.

Details of the recommendations can be found on the Commission's website www.lgbc-scotland.gov.uk and can be viewed at the following sites:
